

"Le Voyage de la Vie"

E.B. Schott

First Friday Exhibit at The Loft, June 1, 2018

By: E.B. Schott

Le Voyage de la Vie, by E.B. Schott, transports us from our past, to our present and onward towards our future ... The lower level of The Loft initiates the struggle of genesis encompassing the doom and gloom of gray crazed daze. As we ascend the stairway to the main floor, the passage of time attempts to mute the melee of life with partial understanding of its essence. Throughout this striving for meaning, we are able to ascend one more level at the top of The Loft. It is here that we are able to transcend our challenges into blissful peace.
